

Part-Time Preschool Teacher Festa 3-Generation Family ESL Program

"I've been working at Festa for almost three years and they've been absolutely amazing. I love the community that we've built and the programs that we run, I've also realized that this is the type of work I want to do for the rest of my life."—current ESL staff member

"I find teaching at Festa very fulfilling. I love choosing books for our children and helping them develop a love of reading. I also really enjoy planning educational sensory activities for our children. It is very satisfying watching our children learn to walk in line, calmly eat dinner, separate from Mom and Dad, develop prereading skills, and get ready for kindergarten!"—current ESL staff member

PRIMARY OBJECTIVE

Festa connects neighbors to build relationships that end poverty—in this generation. We partner with children and families facing poverty – many are New Americans, and many reside in suburbs. **Preschool teachers** will care for, nurture, and equip the preschool age children with skills needed to succeed in a kindergarten classroom, while their adult guardians are simultaneously attending English as a Second Language classes on site. Because many of the children may never attend traditional preschool, this is an exceptional opportunity to introduce and cultivate early childhood educational elements, including intentional exposure to the English language/usage. The classroom will operate with a daily schedule, learning centers and an emphasis on building prosocial skills that will be the foundation for future learning. The preschool classroom serves children 3-5 years old who have not yet entered Kindergarten. A curriculum guide will be provided.
